

| Primary Gage Mfg. | Photo | P/N | Description |
|--|---|--------------------|---|
| CDI Rex Durometer SPI Starrett 2700 |  | MC-M3-CDI-LP-MIT-X | Cable for the CDI Logic IQ or Logic ALG gage. The output format from this cable is Mitutoyo compatible. This is a non-cancellable and non-returnable cable. |
| Component Engineering |  | MC-M3-TRUE-POS-X | Cable for the True Position gage that contains 2 Mitutoyo caliper read units. The output format from this cable is Mitutoyo compatible. This is a non-cancellable and non-returnable cable. |
| Fowler/ Sylvac Brown & Sharp Diatest Flexbar Helios Presser Mahr Starrett TESA |  | MC-M3-54-115-333-X | Simplex Opto cable used with gages from several different companies. Recommend the 3.5" cable for calipers. Recommend the 6.5" cable for all other. This is a non-cancellable and non-returnable cable. |
| INSIZE |  | MC-M3-7306-20MU-X | Micro USB cable for calipers. Not for use with the INSIZE 1103 series calipers. |
| |  | MC-M3-7306-30A-X | Cable for INSIZE 2-Button micrometer. Not for use with the INSIZE 3-Button micrometer. |
| |  | MC-M3-7306-40-X | Cable for INSIZE Indicators. |
| Kroeplin Dyer Fowler Mitutoyo |  | MC-M3-22806-MIT-X | Interface adapter and gage cable for Kroeplin gages. This is a non-cancellable and non-returnable item. |
| Mahr Federal |  | MC-M3-FED-MICRO-X | Cable for Mahr Federal μ Maxum gages. This connector is a 7-pin male. This cable does not work with the Mahr Federal μ Maxum II gages This is a non-cancellable and non-returnable cable. |

|---|-------------------------|--|
|  | <p>MC-M3-4102915-X</p> | <p>Recommend the 3.5" cable for Mahr Federal calipers and depth gages.</p> <p>Recommend the 6.5" cable for other Mahr Federal gages.</p> <p>This is a non-cancellable and non-returnable cable.</p> |
|  | <p>MC-M3-434602N-X</p> | <p>Cable for various Mahr Federal gages. This connector is a 4-pin female. Supported gage families include (but not limited to) Digimar, MarCator, Millimess and μMaxum II.</p> <p>This is a non-cancellable and non-returnable cable.</p> |
| <p>Mitutoyo</p>  | <p>MC-M3-05CZA624-X</p> | <p>Coolant proof caliper cable for Mitutoyo gages that use the Mitutoyo 05CZA624 cable. There is a read button on this cable.</p> <p>This is a non-cancellable and non-returnable cable.</p> |
|  | <p>MC-M3-05CZA662-X</p> | <p>Coolant proof micrometer cable for Mitutoyo gages that use the Mitutoyo 05CZA662 cable. There is a read button on this cable.</p> <p>This is a non-cancellable and non-returnable cable.</p> |
|  | <p>MC-M3-21EAA194-X</p> | <p>Dust & water proof cable for specific Mitutoyo indicators that use the Mitutoyo 21EAA194 cable.</p> <p>This is a non-cancellable and non-returnable cable.</p> |
|  | <p>MC-M3-905338-X</p> | <p>Cable for Mitutoyo gages that use the Mitutoyo 905338 cable. This cable is typically used with indicators. There is no read button on this cable.</p> |
|  | <p>MC-M3-936937-X</p> | <p>Cable for Mitutoyo gages that have a 2x5 connector on the gage.</p> |
|  | <p>MC-M3-937387-X</p> | <p>Cable for Mitutoyo gages that use a round 2x3 gage cable.</p> |
|  | <p>MC-M3-959149-X</p> | <p>Cable for Mitutoyo gages that use the Mitutoyo 959149 cable. There is a read button on this cable. This cable is used for several gages, including the non-coolant proof calipers.</p> |
